

2016 SUN-n-FUN Forum - Accident Prevention Insights

How many hours does a pilot need to guarantee that they will not have an accident? The question is impossible to answer because accidents happen at all levels of experience. An ounce of prevention is worth a pound of cure, and a good pilot is always learning. Come to this free seminar and hear a senior General Aviation accident investigator's insights on how to prevent the next GA accident. WINGS credit available! This is a live presentation only.

Directions: The FAA Safety Center (new name: Orlando Field Office) is centrally located on the Sun-n-Fun grounds at the corner of Laird Drive and Sun-n-Fun Road. Forums entrance is on the west side of the building.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
